

How do I apply/redeem my Rewards points at checkout?

Follow the 4 simple steps below to apply rewards points to your order.

Step 1:

Make sure you are logged into your MZW Rewards account.

Step 2:

Once logged in, during redemption periods your Rewards points value will be available to apply at the 'payment' section of checkout. If you do not see this section, the account you are using to check out does not have Rewards points tied to it, or you are not signed in. Check your balance here

Step 3:

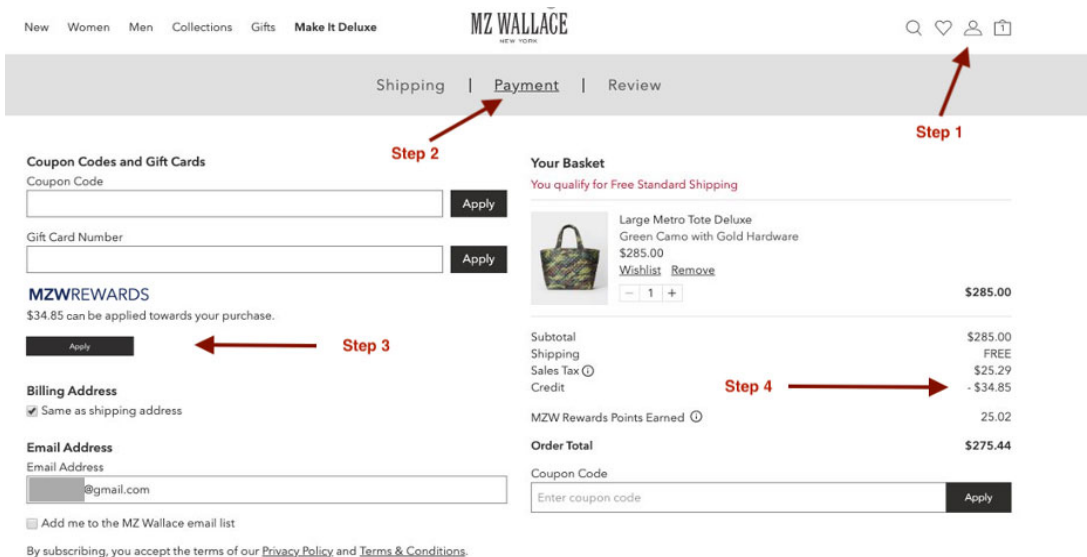

On the left column under MZW Rewards section, click  to use your Rewards points.

Step 4:

Once you click apply, on the right column under your subtotal you can see a "credit" applied.

To apply MZW Rewards points and pay with PayPal, first sign into your account, and then select PayPal as your payment method at the payment stage of checkout.

Do not select "PayPal" before starting the checkout process or you will not be able to apply your Rewards points to the transaction.

The screenshot shows the MZ Wallace checkout page. At the top, there are navigation links for 'New', 'Women', 'Men', 'Collections', 'Gifts', and 'Make It Deluxe'. The main navigation bar includes 'Shipping', 'Payment', and 'Review'. A search icon, heart icon, user icon, and cart icon are on the right. The page is divided into two columns. The left column contains 'Coupon Codes and Gift Cards' with input fields for 'Coupon Code' and 'Gift Card Number', each with an 'Apply' button. Below that is the 'MZWREWARDS' section, which states '\$34.85 can be applied towards your purchase.' and has an 'Apply' button. Further down are 'Billing Address' and 'Email Address' sections. The right column is titled 'Your Basket' and shows a 'Large Metro Tote Deluxe' for \$285.00. Below the basket items is a summary table: Subtotal (\$285.00), Shipping (FREE), Sales Tax (\$25.29), Credit (-\$34.85), MZW Rewards Points Earned (25.02), and Order Total (\$275.44). At the bottom of the right column is a 'Coupon Code' input field with an 'Apply' button. Red arrows and labels indicate the steps: 'Step 1' points to the user icon, 'Step 2' points to the 'Apply' button in the MZWREWARDS section, 'Step 3' points to the 'Apply' button in the MZWREWARDS section, and 'Step 4' points to the 'Credit' line in the summary table.

Lastly, if you have any remaining balance to pay, you will also be asked to include your credit card or PayPal information right after your Rewards points have been applied.
